MillionSnacks®

To Us, It is about YOU!

When it comes to franchise opportunities, **MillionSnacks®** has one of the most extraordinary, cost-effective and efficient snack business models in the Quick Service Restaurant Industry. Our entire dynamic franchise system was built with one goal in mind: To give YOU, the franchisee, the tools, knowledge and competitive edge to help you become a successful business owner.

We want to inspire your confidence by providing unique differences from our competitors!

- **One of the Lowest Cost Startup Investments in the Quick Service Restaurant Industry.** Not only does **MillionSnacks®** offer the very low franchise fee of \$2,000, we also allow your initial investment to be tailored to fit your business startup budget by offering an Express Model and Standard Model. Regardless of which franchise model you choose, the franchise fee is always the same.
- **A Unique and Evolving Menu - MillionSnacks®** constantly is researching all types of healthy snack food alternatives to keep it's menu fresh and exciting to our customers. Unlike fast food chains, we provide you with a large variety of approved **MillionSnacks®** products that sell in their areas rather than making them sell menu items that no one wants.
- **Unlimited Growth Potential with Low Overhead - MillionSnacks®** prides itself on its streamlined operations and food preparation techniques that allow for supreme cost-efficiency. Combined with the flexibility of a tailored menu, we give you all the ingredients for success that every business owner craves!
- **No Restaurant or Food Service Experience Necessary** - Your desire, motivation, attitude and passion to own your own business is all that you need to bring to our initial training program. We will teach you the rest!
- **We Desire to Help You and Your Community** - The idea of **MillionSnacks®** started with a single act of kindness and was founded to create franchise opportunities for those who want to control their financial future. We are using our business to promote caring and compassion through different initiatives intended to accelerate success for you.
